

## OLPH Parent Warning Agreement

I/We the parent(s) of \_\_\_\_\_ am/are aware that participation in Sports at OLPH can carry risks, such as sprains, fractures, ligament or cartilage damage, impairment or partial use of my son's/daughter's limbs.

Through a properly organized program by the OLPH Athletic Council and/or the administration of OLPH School, I/We have been so warned of the risks of involvement in sports. Having been so cautioned and warned, it is still my/our desire for our son/daughter to participate in sports at OLPH.

It is strongly recommended that the uniform be turned into the coach after that last game of the season. No uniform will be issued for a new sport until the previous sport(s) uniform has been turned in (i.e. football uniform is not turned in, your son will not receive a basketball uniform).

If a student is suspended from school (either in school or out of school) that student athlete will be suspended (not allowed to practice or play in any games) for the team he/she is playing for the following 7 days.

### No Refunds Will Be Issued
